

E-Invoicing and E-ticketing

We're continuously improving our systems and processes to bring value-added services to our customers. Through E-invoicing and E-ticketing, new services on the horizon at Dufferin Concrete, you won't have to worry about lost or damaged tickets, misplaced invoices or mismatched tickets to invoices again.

Stay tuned for more information on these great new services!

The e-ticket goes from the truck directly into the cloud

Then from the cloud it goes to the customer

Customer can match his e-ticket and his e-invoice right away

The invoice gets generated in our system and goes directly to the customer (e-invoice)
